Crochet Project
Luna Lapin's Pink Hat
Designed by Rosie Hirst

Materials
20 grams of 4 ply yarn
3mm Crochet Hook

This hat is knitted in rounds, it's a good idea to have a marker at the end of rounds. It is worked in single crochet stitch. At the end of every round you must join the circle with a slip stitch and then single crochet one chain to raise the round to the next level.

Start with Magic Loop. (You Tube if not sure)
Single crochet x 10 into Magic Loop. Join circle (as above) and pull tight on hanging yarn to close up circle.

First increase round
Increase by working into every chain twice - 20 chains
Second increase round
As above - 40 chains
Third increase round
Increase in every 3rd chain - 52 chains
Single crochet one full round.

To make ear holes
Single crochet next 20 chains into work then chain 7 without working into work - single crochet 18 chains into work then chain 7 without working into work.

Next round, single crochet all chains including the loose 14 chains.
Single crochet 9 rounds (don't forget to slip stitch at end of each round and single crochet 1 chain to raise round)
Increase round 4
Increase in every other chain

Now, just keep working rounds until you have the brim size you like. I did 11 rounds - it will magically turn up into a brim!

NB. You can reposition ear holes further down for different friends.
